Rainbow River

Truth is my Compass, & Wisdom my Helm.

*once you know,

once you have allowed yourself to feel,

for the submergence of
one's truth only births
havoc within the self.*

Within the Firmament

There is nothing new under
the sun but the frame through
which we perceive what has already
been done.

My fortitude has been
forged by prophecy.

Terror has propelled
me into courage.

I do not labor for fandom.
**I steward for the Kingdom—
for Kingdom Come.**

*In the decontamination field of this
simulation, the prevalence of
malevolence is an existential
pandemic.*

**The virulence of this soul
pathogen will not abate.
If you have a soul,
you write your fate.**

Unbinding

In the spectacle of life, the biodynamic algorithm of consciousness is a reflexive loop between data and feedback.

- i. You want to fly, **but** you avoid the sky.
- ii. You resent embodied coherence, **but** are devoted to your fragility.
- iii. You crave brilliance, **but** are unwilling to metabolize horror.

**When faith is the converter,
fear becomes fuel.**

REMEMBER:

*Perception molds the key,
interpretation unlocks the neural
veil, which allows you to **SEE**.*

Perimenopausal Melodrama

I am slightly concerned that if I speak to a woman for longer than five minutes, she might miss her period. And because I'm not fit to pay child support in the multiverse, I have a strong preference to drip grace upon her fertile presence and dip with the wind's effervescence.

Intrusive Ideation: 027

Social Workers are the missionaries who broker the victims of empire into the revenue of corporate shareholders.

The War on Drugs has gestated a parallel chemicalized carceral-care system that uses methadone as a chain but never stops dropping off the heroine and fentanyl. Are these illicit drugs exempt from tariffs? 🤔

**“Submission

Friction is a tool

Atemporal

Programmer over player,
Fuck retail, pure wholesaler!

I do not envy the non-believer—
Omnidimensional receiver.

Archaic Theatre

Under maritime law, a law is the legal instrument that converts God's domain into the property of a corporation or an estate.

What is law without enforcement?

Fan fiction.

Ecliptic Observations

a. In the stadium of sadism, our seating defines our rank per the social caste order. However, the arena is fueled by our attention and commitment to comparison and derision, and yet, we are all a paycheck or paperwork away from moral collapse and legal dispossession.

b. Caucasoid demons develop sunburns in proximity to Indigenous Black dignity.

c. The golden child is unequally vulnerable as the scapegoat, but in controlled opposition, the diversionary tactic situates both as victims of manipulation.

d. Stay calm. *Decolonization is underway.* You needn't fret. **ADAPT.**

e. I ain't never miss the sunshine after the storm, no matter how dedicated the swarm, my light is a holy charm, ordained to transform.

State of the World

Every environmental, economic, societal, and relational symptom shares the root cause of commodified dehumanization. No symptom treatment can alleviate the despair of modern society because the foundation of the social order requires a multi-dynamic, full-spectrum disinfection.

We are the vestiges of contagion with varied expressions of chronic dysfunction.

When the disease outside is fed by discordance within, you treat the soul first—collectively, and mirror reparative harmony.

Intrusive Ideation: 025

Violence is neither black nor white; there are shades of context and patterns of predation.

Similar to the states of matter, of which there are four, gas, liquid, solid, and plasma, so too does violence have different permutations.

Ambient violence becomes a psychic weather pressure of energetic distortion and microaggressive hauntings.

We should not affix our wounds to the jurisdiction of a fascist system that embellishes the weaponization of confusion as procedural objectivity.

Decolonial Q+A #07

How does a gardener treat
an invasive plant?

Activism is active;
Fuck a Marching Chant.

See What? 🙄🙄

We talking too much;
Movement is a quiet touch.

Epistemic Warfare: 01

Breaking the ideological contracts
of colonial seals that perpetuate
behavioral bondage does not
require a jury.

You needn't stipulate;
When you emanate,
you adjudicate.

Compulsive Deflection:

*Chitty chitty bang bang,
Me no give a fuck

**I'm not a lie detector.
I'm clocking the harm

All the ingredients in the recipe

violence is laced with the benefit

Lynch mobs can't cry now.
Ignorance is a circumstance
of free will.

Literacy is a lower barrier
to entry than integrity.
You know who and what
the fuck you are.

The stratosphere is heatin' up,
You about to be a brisket.

I'm vegan; Dulce.

Holy Reconciling

The omnipresent administration of pathological indifference, which is deployed with programmatic impersonalization, is existentially horrifying.

The metabolization of this empirical pattern, in the wake of a year-long siege, is facilitating an ontological ratification of my personhood.

Life After Death

**In the year 2025,
I succumbed to
a psychic morgue.**

I realized my 36 years on Earth were disposable to every New York City agency, former employer, acquaintance, former provider, relative, and ex-friends who I pleaded with to support me as I was under a bureaucratic assault orchestrated by interagency retaliation.

I never knew the aftertaste of
rebirth was a sweet flame,
nor do I seek to divvy up blame.

In the fetal wound of my soul,
I conceived clarity that grew lethal.

Only my faith remains legal.

Decolonial Q+A #06

Who systemically shields and enables pedophiles, rapists, billionaires, and pharmaceutical genocidist?

The Department of Justice.

Potentiate

If you were recruited
for the Imperial Guard,

have you considered
the option to go AWOL?

Plainly

That person playing with a
sandcastle on a receding shore is
praying after returning from the

Be careful who you tease—
Your soul may be the

Existential Inversion

**“Man competing with

Dandelion Tea Party

We gotta disassemble the nation.*

**“When psychopathology

Power Tussles

**Invalidate or dominate.
Minimize or idolize.
Armor or Glamour.**

The extremes are different

**Covert or Overt.

This soul disease is customized

Non-Extremist Literalist

No profit without theft.
No life without wombs.
No freedom without sacrifice.
No food without bees.
No honor without principles.
No water without God.
No mercy without redemption.

Bill of Rights

A diagnosis without treatment

Adapt or get capped.

The gloom of a padded room

Constitutional Sovereignty

Don't Tread On Me—*buddy*,
but I feel we share principles we
should evaluate to bridge
a coalition for survival.

Natural Law requires a
resonance in coherence
for its revival.

Decolonial Q+A #05

If the U.S. dollar is a federalized monopoly game currency backed by propaganda, compulsive war through military occupation, and aspirational capture, how does credit become a tool for debt slavery?

The surplus of a false instrument can only produce social control because you cannot regulate fiction without legalized dispossession.

The nation-state is the OPP.

**“When the smoke
alarm became a
booby trap, my
vendetta becomes an
irrevocable verdict.”**

Psychic Ticks: 11

- a.** Do not conflate vulnerability with fragility; the former is a bridge, the latter, a pathogen.
- b.** Weaponized intimacy hacks unearned access.
- c.** Assume an extractive transaction until relational reciprocity is demonstrated.

Spell: 079

Intelligence and contrarianism
are not synonymous.

A predilection for friction disrupts
coregulation, which is a feature of
personality dysfunction or insulin

*In any case, coherence should
not trigger an allergy.*

Algorithmic Breakaway

By the nature of language
encoding an imperial cognition,
and the school inscribing our
phenomenological framework,
we thereby become unwitting
replicants of colonized
programming.

We are cyborg vassals who must
decolonize our perceptual
framework to rehabilitate the
plausibility of sovereignty.

Intrusive Ideation: 024

If the structure of hierarchy is a precondition for identity stabilization, the fixation on domination presupposes a reactive preoccupation with managing an imperial interiority that is indicative of non-generative sterilization.

**Hegemonic cannibalism

Limitation of Liability

Conditioned Prey

Stigma distorts signal;
Self-denial is civil.

Truth is inconvenient for the

Intrusive Ideation: 023

How does a legal system that performs a wardrobe change every time clarity counteracts the orchestration of obfuscation have the authority to legislate and enforce the definition of fraud, when the **entire construct of the nation-state defies the laws of nature?**

The only means by which the **existential terrorism of the nation-state** is perpetuated is through the citizenry that commits obedience to the desecration of life under the **pretense of patriotism.**

Infinity Reboot: Independence

*Between 1776 and 1865,

The subscription model for life got us looking like an infected ant colony that labors as the couriers of empire that transports the development of resources, processed goods, and the production of profit upward along the pyramid scheme of capitalist soul slaughter.

**There's no reprieve when

Intrusive Ideation: 022

If the fiat financial denomination inscribes a nation with its structural power, which is derived from the labor required of the corporation, and if people's labor compliance prescribes the fiat currency its value, breaking the **debt-to-death spiral** would require us to accept that extractive labor is a liability to liberation.

Community is the only technology that enables our collective emancipation from the matricidal economic annihilation of our ecosystem and all sentient beings.

Raw Voltage

- *People are baited out of courage into comfort.*
- *And comfort becomes a trap that requires maintenance.*
- *I cannot offer you comfort as a pacifier because my soul is lactating.*

Our currency is based on the collective devaluation and control of our labor.

Isolation, a byproduct of capitalistic individualism, is a contagion that inculcates the manufactured ideologies that support the immunization against the formation of social bonds rooted in integral co-regulation, which embodies allegiance and resilience for a shared reciprocity of humanity.

If every aspect of your life and dignity becomes a commodity, your personhood is a copyrighted fiction that circulates productivity for the indentured conscription into market participation for the acquisition and accumulation of corporate profit.

a. If the tracks are smoldering, and the conductor lollygags about the missing breaks, are you existentially responsible to seek a path for evacuation?

Framework Amendment

1. If you ain't got no one to stunt on, you can break bread with anyone.
2. Corporate shoplifting is activism: a direct restratification within globalization.
3. As temporal sharecroppers who exist within an economic carceral state, an imperial hostage system, our negotiation for liberation is an embodied demonstration.

**There is little utility in

**Resistance is relative.
Your sovereignty is

Artificial Grandiosity

Nature administers quality control through the execution of natural selection. However, within an inverted pathologically parasitic societal infrastructure that converts violence into policy, procedure, and juridical theater, those who are acutely psychologically diseased, the genetically compromised variants of our species, are evading their spatiotemporal elimination.

**When violence is material

Decolonial Q+A #04

Although one of the commandments states **thou shalt not kill**, and the **Golden Rule** states that we should **treat others as we desire to be treated**, therefore, when these two rules conflict, if you choose to eat your gun, should you share your cartridge?

Ma'at is balance.

Ancestral Case Manager

I'm tasked with identifying how anger parallels the role of white blood cells as a biosomatic immune response to harm that manifests as ambient, psychic, and physical.

As with the body, prolonged exposure to an inflammatory antigen can escalate into an autoimmune disorder.

When anger is not discharged, resolved, or tuned into as an alarm system that requires a response, it is muffled. Suffocated with dissociation, internal systemic rage paves a red carpet for passive suicide and soul alienation.

Porch Rocking Chair

Great-great-grandmother [Deanna](#),
I've heard you were a strong
matriarch and your husband still
had a second family on you.

I understand your home was
burned down when you were
praising the white man's lord. I
understand that when your
granddaughter, my grandmother,
would look at the picture of your
burned home, she had a grief too
potent that it clawed her tongue.

I'm in my 13th year of tenancy in
supportive housing where they
throw niggas who are either
supposed to stay chemically
incarcerated whilst being SSI or

welfare dependent and perpetually destabilized.

And when we break that coerced contract, and treat ourselves to self-determination, we become targeted for expulsion.

I understand that this casino plantation has undergone some renovations. The branding for economic carceral upgrades includes: labor rights, the civil rights movement, and feminism.

Great-great-grandmother [Deanna](#), the temporal Houdini magician show is washed out, per my perceptual band. I can't resist the lingering irritation with the expelled Europeans, who chose to differentiate themselves from the niggers. Those impoverished immigrants who had the same grievances with the empire that we of the Global South share, they

thought it best to climb upon our backs and necks, with their minstrelsy and always wanting a fucking mammy.

That's the dissimilarity. **WE feel.** There are things we don't understand because the algorithm of some of the genetic expressions within this species is counterintuitive to the original prototype of the fucking hominid.

*That's the muthaphukkin problem, great-great-grandmother Deanna. And, **you know**, as I'm rocking on this chair with you on a porch of your torched home.*

**I need you to understand
my beef with the empire
is only brewing. I am
honored to be a
descendant of
your matrilineage.**

Everything I do is on my grandmother, Carolyn McGill. She is the only woman who looked me in my eyes or touched my flesh, and I felt that woman had a soul. Every other variant of this bloodline was a query, and I couldn't burden you with the truth told by time.

Hypothetical Inquiry

**Who you gon' be when you

When the jurisdiction of state and

We was never in Peacetime.

The targeted asymmetry of state

But as that bitch starts to crumble,

Seven Spheres

1. Empathy is catnip for the sociopath.
2. Relatability is a liability.
3. Preemptively execute an energetic protective order by denying access.
4. Any persistence in conversational derailment is a destabilization tactic for control.
5. Weaponized resilience is adaptive soul technology.
6. Precision renders plausible deniability inert.
7. Consciously concede consensus reality.

Hexagonal Concoctions

- 1.** Language installs imperial cognition.
- 2.** Underestimation enhances infiltration.
- 3.** Paparazzi craves proximity.
- 4.** The liver and the appendix are not equivalent.
- 5.** Co-regulation occurs with resonant calibration.
- 6.** Individuation optimizes coherent collaboration.

**“Language sculpts

**“You don’t appease

Energetic Accounting

If somebody projects the notion that your presence is too much, you are invited to translate their fragility as:

A. Their mitochondrial insufficiency is threatened by your optimally functioning ATP, which triggers a demotion within their internal pecking order.

B. They are painfully aware that they cannot imitate the study of your brilliance because your spiritual ranking cannot be matched.

C. Their self-concept and nervous system are intimidated by your embodied abundance.

D. They are existentially broke.

None of these are treatable.

Decolonial Q+A #03

How does the chemical containment administered by the **pimp** and the **psychiatrist** serve a *parallel* function?

Both override the soul's blueprint and coerce dependency, whilst serving formal and informal **cartels**.

Sapphic Age Gaps

If I began menstruation before you were born, that's a **No-Go**.

If we're both perimenopausal, that's a **HELLO**.

In a Nutshell

The revolution cannot be incorporated, and the resistance cannot be branded because evolution embodies sovereignty, which is a colonial antagonist to the imperial structures of mandated codependency.

Cycle of Capitalistic Genocide

If **survival** = lifestyle,
and if lifestyle = disease,
then treatment = **entrapment**.

The Alkalinity of Divinity

Immaterial Deficit

No Sweat

As I step out of the astral ring, where I have relieved twelve souls for donation to the galactic morgue, I am fascinated by the bureaucratic legions who attempted an administrative crucifixion, whilst unaware of the divine favor on my name.

The only diagnoses I have are **drapetomania** and **pronoia**. I am laying the foundation for a spiritual jailbreak, most certainly. And I am faithful in my belief that all matters occur to support my highest endeavor.

In addition to collecting interagency RICO evidence, to nullify plausible deniability, I am now squared up with the Department of Education. Although I do not contest being

categorized as disabled by the colonial standards of a narcissistic and parasitically driven soul-eating society, I am appreciative of my ability to work smarter rather than harder under psychic and economic incarceration.

Supportive Housing was a good run, **13** years was fun, but the building-wide mold infestation, which HPD refuses to test, will manifest my launchpad into a realm I cannot fathom.

If common sense is collateral damage, please do not squander temporal intervals for the entertainment of entrainment. Although time is not linear, it is not a renewable resource either.

The structural implementation of **equity** requires the demolition of our internalized preoccupation with psychic trespassing and the compulsion to hoard material clutter to validate delusions of superiority.

Temporal Sharecroppers Unite

Our union is dedicated to the restoration of sentience and spatial-temporal coherence in alignment with quantum jurisprudence.

Double Standards Engineer Animosity

Because patriarchy infantilizes women to aestheticize the enticement for their coercion into submission, boys become men who resent women.

**For whom are the
following normalized?**

Circumcisions, restrictive emotionality, the protector archetype, and chivalry.

*Is misogyny socially
manufactured?*

Notwithstanding, there is a culturally robust normalization of women's exploitation by the depreciation of labor and entitlement to their essence. Moreover, if we do not address the

overt branding of the double standard that are the foundational pillars of patriarchy, we cannot dismantle the insidious intimate, and systemic exploitation of women.

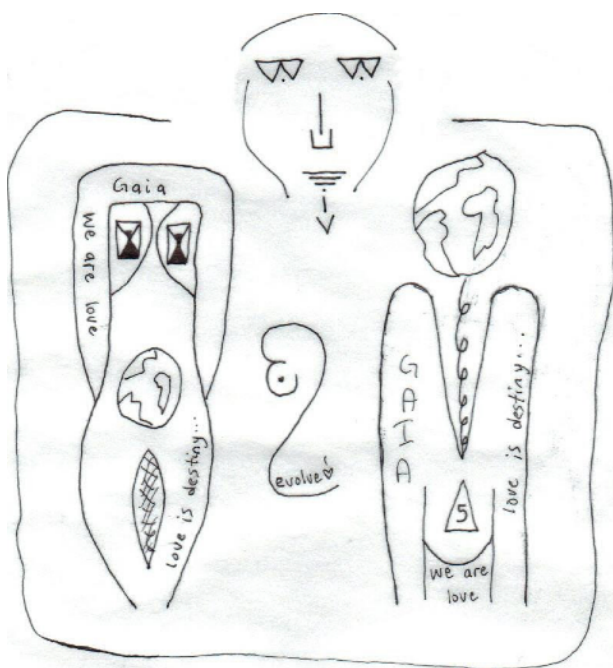

A true interrogation into the overwhelmingly extractive experience of being a woman requires us to identify how we harmonize the seesaw of masculine and feminine embodiment on this planet in ways that honor all people as casualties of patriarchy, racism, capitalism, and de-objectify our inherent worthiness as human beings.

Dimensional Rearview
